Why choose a Pagabo Framework?

Simplicity

We believe in taking the complication out of procurement, so all our Frameworks are free to access and easy to use, without the need for unnecessary or burdensome documentation.

Support

We're here to offer support and advice throughout your project, from expression of interest through to completion.

Transparency

No upfront payments, engagement fees or costs hidden within contractors' Overhead and Profits. All our fees are fully transparent and charged as an agreed percentage of the overall project value.

Value for Money

Our Frameworks offer access to a range of contractors, each one having met rigorous selection criteria regarding the quality of their work and how competitive their prices are.

Flexibility

Whether it's a direct award, further competition, single or 2-stage, our Frameworks support a range of procurement processes driven by what will work best for you.

Expertise

With over 50 years' experience in public sector procurement, we understand your challenges, can help spot opportunities and avoid any pitfalls in the process.

Stability

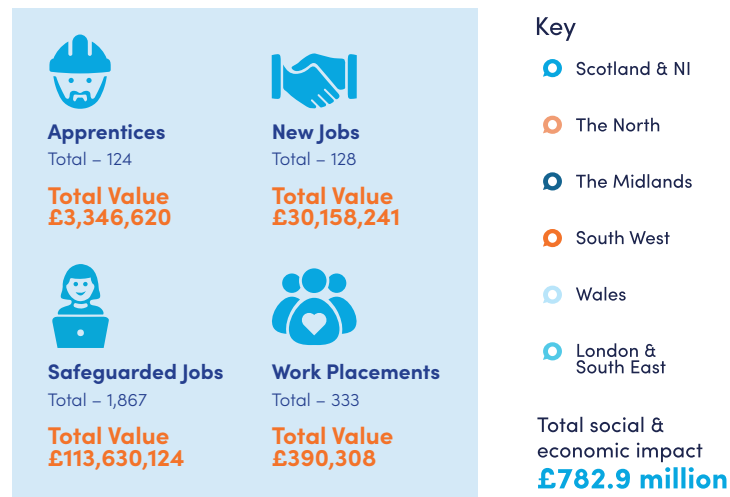

We constantly monitor the financial stability of our contractors to ensure they continue to be a safe pair of hands for your project.

Delivering real social value

Driving real, meaningful social value is at the heart of what we do at Pagabo. Through our unique Social Value Calculator, we are able to calculate your social, economic and environmental impact and the financial value, in real monetary terms, of that impact. Pagabo adds value through our Frameworks by supporting social value at the feasibility, business case development, planning, procurement, delivery and maintenance stages of your investments.

At the end of 2018, our Frameworks enabled £782.9m in social value.

And, as part of our ongoing account management support, we can provide you with all the information and tools you need to report on the social value impact of your project.

To find out more about our social value approach please visit www.pagabo.co.uk/social-value
